

Personalizing Your Screen with Color Themes

This document provides a step-by-step process to personalize your screen by selecting a color theme that suits your mood and preferences. You can easily change your theme at any time, giving you flexibility and control over your display aesthetics.

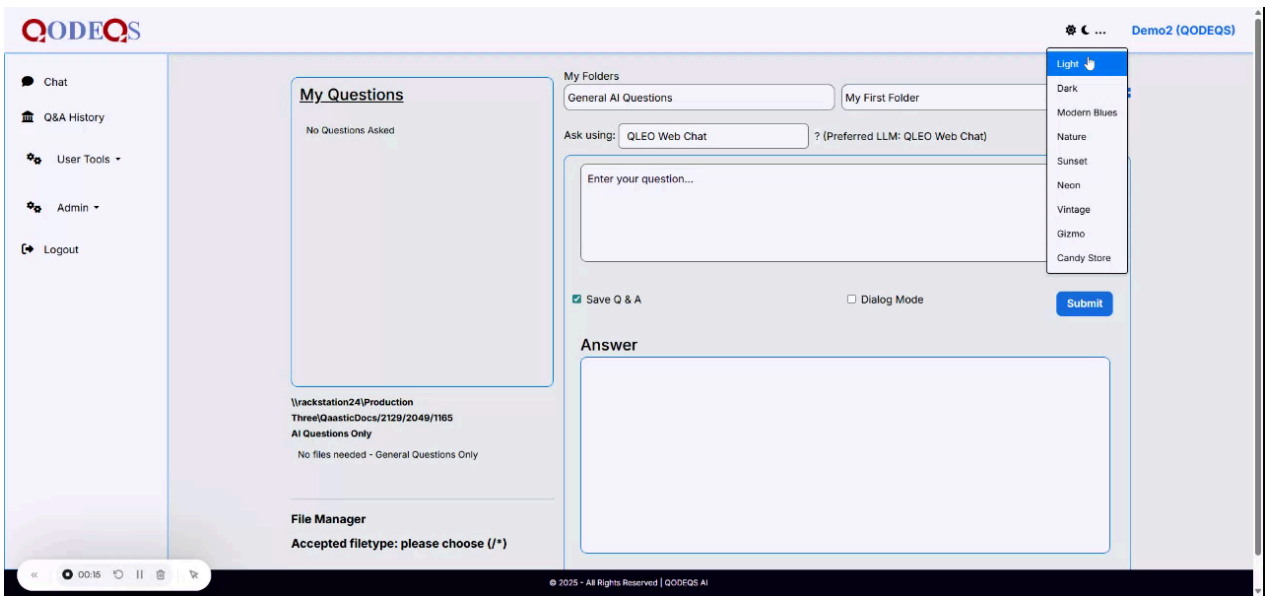

Step 1

To begin personalizing your screen, locate the gear icon at the upper right corner of the screen and select it. This will display a list of dropdown menu options.

Step 2

Within the dropdown menu, you will find several color theme options, including light, dark, modern blues, nature, sunset, neon, vintage, gizmo, and candy store.

Step 3

Select the theme that best resonates with your current mood. Rest assured, you have the flexibility to change the color theme at any time.
